

## BURGLARS GET \$1,175 LOOT AT TEETER QUARRY

Burglars took currency and articles valued at \$1,175 from the Teeter Stone, Inc., plant along the Littlestown Rd. during the night and caused damage which may almost equal the figure given for the loot.

State Police Cpl. James Treas said the burglary occurred between 5:30 p.m. Monday and 6:50 o'clock this morning.

As police reconstructed the series of events, the burglars cut a lock on the gate to the fence surrounding the property, then drove in the driveway to the office and repair shop.

The burglars apparently first broke into the repair shop and stole three boxes of assorted mechanics' tools valued at \$800. They also took sledge hammers and drift pins from the repair shop and later used them to open a safe in the office.

**BREAK SAFE OPEN**

At the office they broke a window to enter the building, then broke a large glass window over the order desk in order to gain entrance to the inner office. Then they forced a door into the safe room of the office. The burglars knocked the dial off the safe and used the drift pins and sledge hammers to open the door of the safe. They removed \$340 in currency.

Cpl. Treas said there were indications the burglars also looked through filing cabinets and drawers in search for money. The burglars took with them a \$35 portable radio from one of the offices.

In addition to the burglary at Teeter's quarries, state police were also summoned this morning to investigate a burglary at the York Springs Elementary School. The local state police did not have at press time a report on what was taken at York Springs.

## BAN PARKING ON ONE SIDE OF THREE STREETS

Gettysburg borough council banned parking on one side of three streets in an ordinance passed at its meeting Monday evening in the engine house.

The ordinance prohibits parking on the south side of E. Middle St. from S. Stratton to Fourth St.; the west side of Franklin St. between Chambersburg St. and Breckenridge St. and the west side of West St. from Chambersburg St. to High St.

Council also indicated that it will consider a plumbing ordinance in the near future. An ordinance establishing a plumbing code, providing for licensing and inspection of plumbing, providing for apprenticeship training and setting standards for plumbers was asked by four local plumbers in a letter read to council. Councilwoman Mrs. Rebecca Schwenk said the letter was signed by A. R. LeVan and Son, Weishaar's, Stanley Keefer and Richard McBee. The sewer committee was asked to prepare such an ordinance.

### BUY \$3,400 TRACTOR

Council voted to purchase a J. I. Case tractor with front end loader and snowplow from Wilis R. Schwartz for \$3,400. The highway and safety committees recommended acceptance of the Schwartz bid.

The bids submitted included: O. C. Rice and Son, Biglerville, \$3,413; James A. Miller, Aspers, \$3,845.63; L. W. and M. S. Kleinfelder, Biglerville, \$4,790; Wolff Farm Supply, Biglerville, \$3,763.80.

Borough Treasurer Harry D. Ridinger was granted power of attorney to file liens at the court house.

Council voted to submit the names of Borough Solicitor Eugene V. Buleit, who has served in that capacity for 25 years, and Borough Engineer LeRoy H. Winebrenner, who has served for 32 years, to the state association of boroughs for awards for long service.

### START CLEAN-UP

Councilmen were asked to attend sessions of the boroughs (Continued On Page 2)

### BANK VOTES DIVIDEND

The board of directors of the First National Bank of Gettysburg, meeting at the bank this morning, voted a special two per cent dividend on the bank stock to stockholders of record as of March 31. The extra dividend will be payable April 15, according to the directors.

## Judge Shughart To Address PTA Here

The Gettysburg Junior-Senior High School PTA will meet Thursday at 8 p.m. This is the last regularly-scheduled meeting for this year. Mrs. Joyce Simpson and her program committee have announced that Dale F. Shughart, president judge of the ninth judicial district, Carlisle, will discuss "What Are the Important Factors in Raising Children?"

Several items of business are listed for the meeting, including the annual election of officers.

## BIGLER SCHOOL ADDITION OPEN FOR USE TODAY

Students at the Upper Adams (Biglerville) High School this morning started using the 14-classroom addition to the high school, Donald Hudson, superintendent, announced at the regular monthly meeting of the school board Monday evening in the elementary school cafeteria.

The \$1,000,000 addition includes the classrooms, a library, music and choral rooms, cafeteria, auditorium and lockers in the hallways. Hudson said that only the classrooms are being used; the auditorium, offices and commercial rooms are not completed.

Hudson announced that an open house will be held Tuesday evening. Members of the student council will act as guides, he said.

### BOOKS ARE MOVED

The Library Club, under the supervision of Mrs. Charlotte Laughman, librarian, has packed and transported books to the new library, Hudson told the board. He said that many pupils have been assigned new home rooms. With the new setup, teachers will have home rooms and pupils will go to the home room of the teacher for classes, instead of the teacher having to move about, he said.

President Oscar Rice announced that the Biglerville borough will pay \$600 toward the installation of an additional sewer line to connect the borough with the school. The board will pay the other \$600.

Auditors Ward Taylor, Earl Crum and Marvin Kime were appointed by the board for 1961.

Robert Lott, reporting for the teacher committee, said a meeting will be held next week to discuss various vacancies.

The board awarded the general supplies contract for 1962 to Roberts and Meek, Harrisburg, who submitted a bid of \$3,600, the lowest of three.

Bills totaling \$40,348 for general operations were approved for payment. Income for the month was \$1,699.

## TWO SNYDER LAWYERS TO HAVE HEARING

A hearing on the petition of counsel to withdraw in the action of Alton W. and Hallie A. Snyder versus William G. Munroe, Hartford Fire Insurance Co. and Paradise Mutual Fire Insurance will be held Monday morning at 10 o'clock, according to an order of the Adams County court.

The court order stated: "An answer having been filed by Alton W. and Hallie A. Snyder to the petition of Raymond R. Smith Esquire, and Walter H. Katherman Jr. Esquire to withdraw as counsel in the above matter, it is ordered and decreed that a hearing be scheduled for April 10, 1961, at 10 a.m."

Also scheduled for court Monday will be the petition of the (Continued On Page 2)

## H. E. BENCHOFF NEW PRINCIPAL FOR FRANKLIN

Hobart E. Benchoff, 36, Zullinger, Pa., a former member of the teaching staff at the Biglerville High School, was elected as the new supervising principal of the elementary schools of Franklin Twp. by the township school board at its April meeting Monday evening at the school building at Cashtown.

Mr. Benchoff, who holds a supervising principal's and secondary school principal's certificate, will begin his new duties in July with the opening of the new school fiscal year. His salary was fixed at \$6,000 per year.

Mr. Benchoff will succeed Clyde A. McCauslin, who several months ago submitted his resignation as principal after serving in the township schools for 23 years. His resignation will be effective at the end of the current school year.

### WORLD WAR II VET

The newly-elected principal, who since 1958 has been a school representative for the Curtis Publishing Company, was graduated in 1949 from the Lock Haven State College with the degree of Bachelor of Science. In 1954 he received his master's degree in education from Penn State University.

From 1949 to 1954, he taught social studies, English and boys' physical education at the Biglerville High School. He also coached track there for five years, football for three years and was junior high grid coach for two (Continued On Page 3)

## Commission Plans Continuous Program Here July 1-4, 1963

HARRISBURG (AP)—Maj. Gen. A. J. Drexel Biddle said today Pennsylvania will refuse to participate in any Civil War centennial program where there is evidence of discrimination.

Biddle, state adjutant general, is chairman of this state's commission planning 1963 events marking the centennial of the battle of Gettysburg and of Lincoln's Gettysburg Address.

### CO. ITINUOUS PROGRAM

Biddle said the commission is arranging a continuous program of events July 1-4, 1963, at Gettysburg marking the battle's centennial.

He said all states which had troops in the battle will be invited to send delegations to Pennsylvania to participate in the various commemorative events.

"We are going to space each event so that everyone will have an opportunity to go from one ceremony to another," Biddle said.

An anniversary program also will be held Nov. 19, 1963, the anniversary of Lincoln's speech.

He said the commission has approved a resolution expressing its opposition to discrimination of any kind in connection with Civil War centennial programs across the country.

### GOING TO SPAIN

Biddle, who leaves April 24 to become President Kennedy's ambassador to Spain, said the commission felt it should make its position clear in view of recent developments.

He said the commission will "insist upon equality of opportunity as a condition for our participation in any meetings or events in connection with Civil War centennial observances."

Biddle said the Pennsylvania group is considering sending a delegation to the National Civil War Centennial Commission's fourth national assembly at Charleston, S. C., April 11-12.

New Jersey's centennial organization recently threatened to withdraw from the assembly on the (Continued On Page 3)

## 86 HS SENIORS FROM COUNTY TO TAKE EXAM

Eighty-six Adams County students will take an examination for a four-year state scholarship Friday morning at Gettysburg High School, County Superintendent of Schools C. P. Keefer announced today.

The students are those listed by their high schools as eligible to undergo the examination for the scholarship which provides \$800 toward a four-year education in approved Pennsylvania institutions of higher education.

Assistant County Superintendent of Schools M. Francis Coulson assisted by several Gettysburg College students will administer the examination which will begin at 8:45 o'clock Friday morning and conclude at noon.

The students eligible include: From Bermudian Springs, Sally Black, Stephen Chronister, Judith Ecker, John Eshleman, Harry Fasnack, June Griebel, George Miller and Kenton Taylor.

From Delone, Anthony Kijek, James Klunk, Patrick Redding, (Continued On Page 3)

## Swedish U.N. Soldiers Are Stoned By Africans; Move To Seize Airport Averted

By ERROL FRIEDMANN

ELISABETHVILLE, the Congo (AP)—Katanga President Moïse Tshombe, thwarted in a move to seize the Elisabethville airport from U.N. forces, angrily called on his supporters today to get ready to fight the United Nations.

Two hours later he ordered them off, but knife-wielding Africans already were running amok on roads leading to the airport.

At mid-afternoon the strong man leader of secessionist Katanga Province ordered full mobilization and turned this capital city into an armed camp. He handed the U.N. forces an ultimatum to surrender the airport within two hours. Then, as tension mounted, Tshombe announced he and U.N. officials had reached an agreement to avert an explosion.

Even as this was announced, frenzied Africans were milling about uniformed Swedish U.N. soldiers, attacking them with stones and smashing their cars.

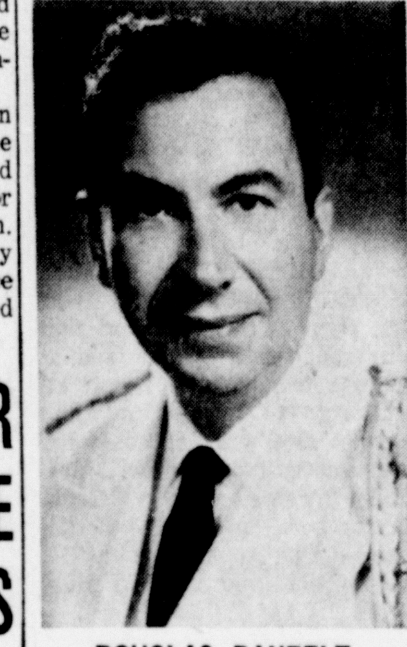

Two Swedish drivers were rescued by white members of the Katanga army.

That army, the most disciplined in the Congo, is commanded by Tshombe but many of its officers (Continued On Page 3)

## COLLEGE BAND GIVES CONCERT ON SATURDAY

The 53-piece Gettysburg College Concert Band under the direction of Douglas Danfelt will present its annual spring concert Saturday at 8 p.m. in the Student Union Building on the College Campus.

A feature of this year's program will be the presentation of a selection from each of the five major periods of music history.

DOUGLAS DANFELT

The balance of the concert will be devoted to contemporary music. Some of the selections will be representative of the more serious type of music written for the modern band while others will be in a lighter vein.

### OTHER CONCERTS

Another feature will be the ever popular "Bugler's Holiday" by Leroy Anderson.

Works performed will range from the clarity and simplicity of music written in 16th century to the dissonance and rhythmic compositions of the 20th century.

No tickets are needed. However, a voluntary offering will be received.

The band will play for the College's Founders' Day convocation on Friday, for which Dr. Arnold Toynbee will speak. The band will also play a concert in Northeastern High School, Manchester, Pa., on Friday at 8 p.m. April 12-14 the group will play six concerts on its annual spring tour.

## FIREMEN OF COUNTY MEET HERE MONDAY

The Adams County Volunteer Firemen's Association meeting Monday evening at the engine house here voted to purchase, in conjunction with the county Fire Chiefs Association, 3,000 school book covers stressing fire prevention as part of the county's observance of Fire Prevention Week.

County Fire Marshal John Murren, who made the motion for the purchase, said they will be distributed in October as "a beginning of a real observance of Fire Prevention Week."

He said he had checked with school officials who informed him that youngsters in the Fifth and Sixth Grades would be the "school group on which fire prevention material would make the most impression."

He said the county has 783 Fifth graders in public schools and "approximately 300" in the parochial schools.

### PRaised BY MARSHAL

Cost of the book covers will be "about \$200," Murren said.

The fire marshal praised the firemen for their work in fighting the blaze at the Peach Glen plant of the Knouse Foods Cooperative. "We had a half-million dollar loss, but we saved 4 1/2 to five million dollars worth of plant. It was the most stubborn and contemptible fire I have seen in 14 years as fire marshal for the county. We didn't know how long the fire would hold, but you stopped the fire."

A report that the Reaser Hose Company is disbanding led to lengthy discussion by the county firemen including a search of the bylaws and constitution to see if it sheds any light on what to do about members of a company which disbands. Most present seemed to feel that the members of the Reaser Hose who had faithfully paid dues for many years (Continued On Page 3)

### CHORUS TO SING

The 34-voice Junior Chorus of the Bermudian Springs High School will present the Easter cantata, "Redemption Song," by Holton, Wednesday evening at 7:30 o'clock in the York Springs Lutheran Church. They will sing under the direction of Donald G. Pladen. The public is invited.

## SEMINARY WILL GRADUATE 44

Rev. Dr. Harold R. Albert, pastor of the First Lutheran Church, Pittsburgh, will deliver the address at commencement exercises at the Gettysburg Lutheran Theological Seminary May 26. Dr. Harry F. Baughman, president, announced today.

Forty-one graduates will receive the B.D. degree and two will receive the M.A. degree. Twelve men of the class are serving internships.

The exercises will be held at 7:45 o'clock in the Church of the Abiding Presence, seminary campus.

David Finney, a member of the graduating class, will serve in Dr. Albert's church upon graduation.

## ANNUAL APPLE BLOSSOM FETE IS DISCUSSED

Preliminary plans for the Adams County's annual apple blossom celebration were completed Monday evening at a meeting of the steering committee at the home of Ralph W. Tyson, general chairman.

Other members of the committee are: Apple smorgasbord, Mrs. Nelson E. Weber; fairgrounds, Donald C. Tyson; refreshment stands, John Pitzer and Fremont Kuntz; commercial exhibit, Edward R. Hoffman; host and information, Ralph Sando Jr.; Robert C. Lott and John W. Bream Jr.; queen contest, Mrs. Thomas Oyster; television programs, Mrs. William M. Lott; publicity, Allen S. Stauffer; members-at-large, William M. Lott, Frank S. Zettle, Paul Pitzer, Henry McDannell and Guy W. Beamer.

The date of the Sunday celebration will be announced as soon as accurate forecasts can be made concerning the peak of the bloom in the county. In previous years the event was held on the first Sunday in May.

### 50,000 VISITORS

The committee decided to follow in general the pattern of last year when an estimated 50,000 visitors visited the county on Apple Blossom Sunday.

Main features of the celebration will again be held at the South Mountain Fairgrounds, near Arendtsville, with the Adams County Poultry Federation serving a chicken barbecue dinner. An apple smorgasbord and the crowning of the apple blossom queen will be other features to be held at the fairgrounds.

A preliminary event in connection with the celebration will be held tonight at the Arendtsville Elementary School when 14 girls vying for the Adams County queen crown will participate in a "school of grooming" in preparation for the contest scheduled on April 8 also at the Arendtsville Elementary School.

Mrs. Lloyd E. Benner, Mrs. Donald Sullivan and Mrs. Cowan Bryan will direct the training program.

### LOCAL LEGION IS INSPECTED

O. Perry House, commander of the 22nd District, inspected the Albert J. Lentz American Legion Post Monday evening. Commander Robert E. Fox presided.

Daniel E. Crawford, R. 1, was reinstated as a member. He had resigned in 1953.

Adjutant William E. Timmins read a letter from Atty. John A. MacPhail announcing the four winners in the annual American Legion essay contest: J. Barclay Collins, Gettysburg High School; Judy Cutshall, Biglerville; Margo Brinton, New Oxford, and Donald Storm, Delone Catholic High School. Judges were Dr. M. L. Stokes, C. E. Jarvis and Robert S. Knox, Timmins reported.

Collins' essay is entered in the state finals.

It was announced that the Honor Guard will participate in the annual Memorial Day parade. The Drum and Bugle Corps from the Hanover post will provide the marching accompaniment.

Joseph Staub, representative to the Allied Veterans' Council, reported that the council met March 12 in the Legion home and adopted bylaws.

Fifteen members attended the meeting. The membership of the post is 726.

### TO FORM PACK

A special meeting will be held this evening at 8 o'clock in the Catholic War Veterans' Home, Bonneville, to reorganize the Boy Scout pack and troop sponsored by the CWV, Joseph Orendorf has announced. All former committeemen, parents of boys aged 8 to 16 and others interested in reorganization of the units are invited to attend.

## JURY FAILS TO FIX BLAME IN MAR. 17 CRASH WHERE 2 DIED

An Adams County coroner's jury after an hour's deliberation Monday afternoon was unable to assign blame for the accident March 17 at the intersection of the Carlisle pike and Bendersville Rd. in which two persons were killed.

The jury found that Mrs. Patricia Bupp, 27, Gardeners R. 2, and Bonnie Showers, 8, Biglerville R. 1, came to their deaths by injuries received in collision of cars operated by Mrs. Bupp and Donna Showers, 18, Biglerville R. 1.

After stating that it could not assign blame, the jury suggested that "the state highway system investigate improving visibility for drivers at the spot."

### OTHER DRIVER TESTIFIES

Donna Showers, 18-year-old Biglerville High School student, driver of the car in which her sister, Bonnie, was fatally injured, testified at the inquest conducted by County Coroner C. G. Crist at the court house.

She was the only "eyewitness" called. She told the jury she had picked up her sister at Arendtsville Elementary School, where she was a pupil, and was headed for Bendersville. Her brother, she explained, resides near Bendersville and one of his children was ill. She said she planned to stop at her brother's home to "see how her niece was coming along."

She held she was driving straight ahead at the time of the accident "I hadn't reached the point where you turn off to Bendersville yet" when she saw the Bupp car for the first time "about six or seven car lengths" away, coming at me real fast. It happened so quick I didn't have time to brake or turn or do anything," she said she thought she was driving "about 35 or 40" at the time, slowing preparatory to (Continued On Page 3)

## ORDER SCHOOL CENSUS TAKEN BY JULY 1ST

The Gettysburg borough school board at its April meeting Monday evening at the high school directed that the triennial census of children in the borough be taken before July 1.

Required by state law, the census will tabulate all residents of the town who are 18 years of age and under. The board directed that one or more persons be employed to take the census and that they be paid at the rate of 20 cents per name, the same rate that was paid in the last school census in 1958.

Board members spent considerable time discussing terms of the proposed new agreement for the Gettysburg Joint School System after July 3 when the Gettysburg-Freedom merger becomes effective. The Joint School committee of the Gettysburg Joint School board has been assigned the task of working out terms of the new agreement for later approval by the joint board.

### MONEY TO HOLD OUT

President Robert H. Dearthoff, presided at Monday's meeting with five of the seven members present. After the reports of the treasurer, the First National Bank of Gettysburg, were presented for the last two (Continued On Page 3)

## PLAN ANNUAL DINNER EVENT

Adams County foster families will be guests of honor Thursday evening at the annual dinner meeting of the Adams County Child Welfare Services. The dinner, which will be held at the St. Paul's United Church of Christ in New Oxford, will feature a special "thank you" to the 27 families who give foster care to some 40 county children placed in their homes under Child Welfare supervision.

Presiding at the dinner, will be Dr. Vernard Group, chairman of the advisory committee. Hosts to the foster parents and to members of the advisory committee will be the county commissioners. In addition to members of the advisory board, who each year arrange the details of the annual meeting, their husbands and wives have been invited to attend. Also invited are representatives of other county welfare service agencies.

Miss Beatrice Robinson, field representative from the state Department of Welfare in Harrisburg, will be introduced. Greeting (Continued On Page 2)

## GHS ALUMNI TO DINE ON MAY 29

Officers for the year were elected and plans were advanced for the annual banquet and dance of the Gettysburg High School Alumni Association at the recent spring meeting of the Alumni Council.

President C. William Harbaugh was re-elected for another year and these other officers were chosen: Vice presidents, Mrs. Mary Kay Baughman Daly and Robert Dean; secretary, Mrs. Ann Bracey; treasurer, Paul Fox, and statisticians, J. M. Sheads, M. Helen Spangler, Mrs. Ellen Tipton Buehler and Miss Alice Williams.

Committee assignments were made for the banquet and dance to be held at the high school on Monday evening, May 29. Ann Saylor and Edna Hartzell are co-chairmen of the banquet committee. Paul B. Fox will be ticket chairman and this program committee has been named: Hugh C. McIlhenny, chairman; M. P. Hartzell Jr., Mrs. C. A. Sloat, Robert Shriver, Jack L. Miller and Mrs. Doris Deaner.

The Alumni Council will meet next on April 26 at the Keefeauver Elementary School to assemble the banquet invitation letters for mailing.

convention at Philadelphia June 18-21. It was suggested that the group attend workshops to be held for the different committees of council. Council President Glenn Guise said he has been invited to serve on the executive committee of the state Boroughs Association which will set up plans for the convention but has not decided whether he will accept.

The annual borough "clean-up" campaign will start May 1. It was announced. Highway Chairman Mahlon P. Hartzell Sr. reported borough workmen are engaged in patching streets at the present time and plan to begin reconstruction of Franklin St. from Chambersburg St. to W. Middle next week "is weather permits."

## INSURE FIRE POLICE

Council voted to provide insurance for 30 local fire police while on duty. The insurance, costing \$100 a year, will provide a \$1,000 accidental death benefit, \$25 weekly when disabled and \$200 medical expenses. Decision to provide the insurance came when it was found that the insurance which covers firemen does not include fire police.

Council approved purchase of 100 gallons of paint to place traffic lines and directed the annual advertisement for bids for stone and oil. The bids will be opened at the next meeting. Visitors at the meeting included Miss Vergie Musser and Mrs. Robert Codori representing the Women's Civic Council and Stanley Hoffman representing the Chamber of Commerce.

## Asks Damages For Death Of His Son

Mark Raymond Plasaj, Baltimore, has brought an action in trespass against the Hoffman Home for Children and Ronald Gaylor, Littlestown R. 1, in connection with the death of Plasaj's son last August 1 in an accident near the Hoffman Home.

Plasaj, as administrator of the estate of his 13-year-old son, M. R. Plasaj Jr., asks "in excess of \$5,000" in one portion of the action based on the loss of the child and the loss of his services, and \$735.18 in the other part of the action which includes the funeral expenses, \$588.18; the burial lot, \$50, and doctor and hospital bills, \$97.

The Plasaj child was one of three students at Hoffman Home fatally injured last August 1 when a truck owned by the home and operated by its recreation director, Ronald Gaylor, overturned while en route home from a swimming party.

## TOWN SPENDS \$33,925 FIRST THREE MONTHS

Gettysburg spent \$33,925.35 during the first quarter of the year, according to the report of Treasurer Harry D. Ridinger to borough council at its meeting Monday evening in the engine house.

The town began April with a balance of \$53,419.78 in the general fund and with a \$25,000 U.S. Treasury bill due to be paid to the town on May 18.

Ridinger's report showed borough expenditures during the first three months of the year were \$3,828.86 for general government, \$14,105.03 for protection to persons and property, \$11,073.98 for highways, \$302.75 miscellaneous, \$3,061.81 for electricity and \$1,582.92 for recreation.

### MONTH'S EXPENSES

During March the town spent \$10,623.17 while taking in \$6,592.73. Expenditures during the month included \$1,413.34 for general government, \$4,355.85 for protection to persons and property, \$4,209.03 for highway purposes, \$6.50 miscellaneous, \$870.29 for electricity and \$40.16 for recreation.

Income included \$4,172.10 from the parking meters, \$1,949.20 collected by Burgess Wilbur L. Plank, \$334.39 from the amusement tax, \$62 from the justices of the peace and the remainder from trailer tax and miscellaneous sources.

The burgess' report showed the following receipts: \$894.95 building permits, \$852 parking fines, \$50 for five amusement licenses, \$140 taxi licenses, \$9.50 from rental of parking space, \$2 from guides licenses, and 75 cents from use of the thermofax machine.

The report of Chief of Police Jack Bartlett show 14 criminal arrests, 14 traffic arrests, nine accidents, 296 complaints, 22 escorts, 60 assists to other departments, four wallets lost and two recovered, two bicycles stolen and one recovered, one car stolen and one recovered and eight missing persons, all recovered.

The mistletoe is the state flower of Oklahoma.

WASHINGTON (AP)—England, France and the United States are teaming up in a program to launch and test communication satellites.

Under an agreement announced Monday, ground stations in Europe will use the satellites to transmit telephone, telegraph and television signals.

The satellites will be launched by the National Aeronautics and Space Administration in 1962 and 1963 in projects Rebound and Relay.

WASHINGTON (AP)—Secretary of Commerce Luther H. Hodges is going to Europe to sell Europeans on travel in the United States and promotion of foreign trade.

The Commerce Department said that Hodges will leave May 1 and will visit the Netherlands, Finland, Sweden, West Germany and Italy.

WASHINGTON (AP)—Sen. Barry Goldwater, R-Ariz., says he will offer an amendment to President Kennedy's school aid bill making church and private schools eligible for federal loans. Administration forces have felt that such an amendment would stir up a religious controversy and wreck the chances of the \$2.3 billion measure.

## Schultz Finishes Special Training

Richard Schultz, assistant trust officer at the Gettysburg National Bank, has returned to Gettysburg from Montclair, N. J., where he just completed two weeks of intensive training in trust sales and financial planning at Kennedy Sinclair's 42nd personalized trust sales training class.

Schultz and his fellow students were instructed in proven trust sales methods. The class curriculum consisted of lectures, visual presentations, question-and-answer periods and interviews embracing all aspects of financial planning.

World War II, "one might say we have reached the ultimate weapon, but I doubt that. Someone will figure out something more destructive. They always have."

Most of the bombers of World War II have given way to the fighter plane which "can do anything the light and medium bomber could do, only better. But the huge bombers of SAC are the reason we can eat peacefully here tonight. But even the big bombers are on their way out, along with the fighter. We may see the last of the fighter and bomber airplane within 10 or 15 years, replaced by missiles and space ships."

Commenting on the film showing a fire power demonstration by the air force, Maj. Storms observed, "The most that can be shown is the least that the planes can do."

President William Lentz presided at the meeting with 45 present.

months, board members concluded that current funds will hold out until the end of the fiscal year, July 1.

The current bank balance is about \$30,000 and the board has \$40,000 on certificates of deposit with some funds yet to be received in state appropriation. Payments to the joint school treasury in the last two months totaled \$80,000. In the same period about \$4,500 was received in 1960 taxes and the real estate transfer tax brought in about \$2,800.

Superintendent H. Edgar Riegle met with the board. The session in the superintendent's office was attended by President Deardorff, Edward B. Bulleit, Robert W. Weaver, Mrs. Arthur Rice and William Williams. Absentees were Orville B. Orner and Mrs. M. H. Nichols. The board will meet again next Monday evening as a part of the Gettysburg Joint School Board.

WASHINGTON (AP)—Some springtime improvement is expected to show up today in a new government report on the nation's job situation.

The new report is to deal with employment and unemployment in March, a month in which it is normal for unemployment to drop about 300,000.

The Labor Department planned to announce the new totals at 3:30 p.m.

years. From 1954 until 1958 he taught in the Washington Twp. Junior-Senior High School, near Waynesboro. His duties there included instruction in physical education and health and social studies, track coaching and coaching of the junior high grid squad.

He is a veteran of World War II, having served with the Army in the Aleutians, France and Germany. He is now a captain in the U. S. Army Reserve and has 104 men under his command. He is adult department superintendent in a Lutheran Sunday School in Waynesboro. He is married and the father of two children.

### TO HIRE ARCHITECT

At the same session Monday evening the board voted to employ an architect in preparation for a building expansion project.

The architect will be chosen in the next month or two. The township's triennial school census is being conducted by the township assessor, Ira Bollman. President Thomas O. Oyler presided at the board meeting.

### WEAVER RITES MONDAY

Funeral services for T. Thomas Weaver, 55, husband of Mrs. Ruth (Stavely) Weaver, E. King St., Littlestown, who died on Thursday in the Warner Hospital, where he was admitted on the previous Sunday, were held Monday morning, meeting at the Little's Funeral Home, Littlestown, followed with a requiem mass at 9 o'clock in St. Aloysius Catholic Church, Littlestown. The pastor, the Rev. Dr. John E. Metz, was celebrant. The Rev. Dale G. Sneeringer, nephew of the deceased, was in the sanctuary. The mass was served by four nephews and a cousin of Mr. Weaver: James Weaver, Robert, Laurence and Gerald Altoff and Allen Ernst. Interment was in St. Aloysius Cemetery. Pallbearers were four brothers, Lloyd F., P. Emory, Robert V. and Dale E. Weaver, and two brothers-in-law, John L. Sneeringer and Paul E. Altoff.

## JURY FAILS TO

making the turn toward Bendersville. Struck in the throat and chest by the steering wheel of her car, Miss Showers was unable to speak above a whisper for a week after the accident and was still hoarse Monday.

### NO OTHER WITNESSES

Dr. Bruce N. Wolff told of the injuries received by Mrs. Bupp and the Showers child, Mrs. Bupp, he said, was dying when she arrived at the hospital. She had suffered a multiple cerebral concussion, a probable fractured skull, an extensively crushed chest, a fracture of the right wrist and forearm, compound fracture of the right ankle and foot, and was in extreme shock. She died 45 minutes after admission to the hospital.

Bonnie Showers had severe injuries to her head, including a compound fracture of the skull. An intercranial hemorrhage caused her death at 10:50 o'clock that evening, Dr. Wolff said a brain specialist, was summoned for Bonnie Showers but he found that nothing could be done to save the child's life.

State Policeman Bernard T. Rhodes told of being called to the scene at 4:09 o'clock. He displayed pictures taken that afternoon at the scene. He said he held the "opinion" that the point of impact was in the south-bound lane of traffic "as far as I can determine from the physical evidence following the accident." He said he was unable to find any actual eyewitnesses to the accident, other than Miss Showers.

### "CLOUD OF DIRT"

Kenneth Cullison, 22, Mummasburg, said he had entered the Carlisle-Gettysburg Rd. from the Keystone Ridgeway plant where he is employed shortly before the accident. He said that at that time he saw the Bupp car approaching "but it didn't seem to be going fast." As he drove south he passed the Showers car "which seemed to be driving normally, not fast." He said he glanced in his rear view mirror and saw the car "whirling around." He said he stopped and then went to a nearby phone and called the ambulance. He said he was unable to place the point of impact because when he saw the vehicles they had already hit.

Eugene McCauslin, Bigler, Pa., was another witness who observed the cars and said they were "not going too fast. I don't think they were going the speed limit." He said he did not see the accident but looked up after the crash and saw only "a cloud of dust."

Members of the jury included Frank Mumper, Vernon Clapper, Harold Miller, G. Henry Roth, William Mumper and Francis I. Linn.

should be permitted to retain their membership in the county association in order to secure death benefits. President Eugene Long said the situation was "unprecedented." Reaser Hose was one of the early companies in the county association. Reaser Hose has 68 members in the association.

### CONVENTION AT MIDWAY

Final decision was postponed until the next meeting. The group voted to purchase 36 past presidents' pins at \$3 apiece. Formal presentation of the pins to all past presidents of the association will be made at the August convention in Midway.

Midway reported it plans to issue a yearbook for the association in connection with the convention.

### WELCOMED BY BURGESS

Burgess Wilbur Plank welcomed the firemen's group to Gettysburg. Noting that Gettysburg is in the process of codifying its laws and observing that the borough operates under a fire ordinance enacted February 10, 1965, Burgess Plank urged the firemen to hasten their study of a model fire ordinance which the firemen hope will be adopted by all of the townships and boroughs in the county.

J. Faber Wildasin, Abbottstown, gave the response to Burgess Plank's welcome.

Next meeting of the county association will be held June 26 at Greenmount.

## Franklin Twp. To Enroll Beginners

Preschool registration for boys and girls who will be six years of age before February 1, 1962, will attend the Franklin Twp. schools next September will be held on Monday, April 17, at the Franklin Twp. Consolidated school, Cashtown.

Registration will take place from 9 to 11:15 a.m. and 1 to 3 p.m. Each child should be accompanied by a parent or responsible adult and present his or her birth certificate and vaccination certificate if he has been vaccinated. It is also necessary to bring the dates of any injections of diphtheria or tetanus toxoids that the child may have received.

Mrs. Marjorie Routson's and Mrs. Hilda Diehl's pupils will be excused from school that day in order that the teachers may assist in the registration.

WASHINGTON (AP)—President Kennedy, a right-hander, plans to inaugurate the major league baseball season Monday by tossing out the first ball.

The Washington Senators and Chicago White Sox open the American League season that day at Griffith Stadium.

## Girl Scout News

Brownie Troop 71 met at the St. James Lutheran Church Monday afternoon. The girls learned how to display and use the American flag as one of their Tenderfoot requirements. They were reminded of the Brownies' Holiday at Camp Happy Valley on May 6 and 7. Leaders present were Mrs. Leo Kuhn Jr. and Mrs. Orville Orner.

## Eight Properties Are Transferred

Mr. and Mrs. Ray Myers, Reading Twp., sold a property in that township for \$4,000 to Jean T. Myers, East Berlin R. 2.

Mr. and Mrs. John E. Snyder, Gettysburg R. 6, sold a property in Twin Oaks for \$19,500 to Mr. and Mrs. J. Roger Sumner, Rome, Ga.

Mr. and Mrs. Curtis R. Hildebrand, Berwick Twp., sold a property in that township for \$10,000 to Mr. and Mrs. Clair A. Hankey, Hamilton Twp.

Mr. and Mrs. Robert J. Shearer, Huntingdon Twp., and Mr. and Mrs. Charles R. Gembe, York Springs, sold two properties in Huntingdon Twp. for \$30,000 to Mr. and Mrs. Devoe W. Green, York Springs.

Mr. and Mrs. George B. Thrush, Butler Twp., sold two properties in that township for \$12,000 to Doris R. Weaver, Biglerville.

Rita M. Smith, executrix of the estate of Joseph V. Smith and Mary A. Smith, all of McSherrytown, sold a property in that borough for \$8,000 to Mr. and Mrs. Valentine Broke, Penn Twp., York County.

## COUNTIAN HELD FOR COURT ON MORALS COUNT

Two statutory charges against David J. Kaiser, Littlestown R. 2, were dropped after a hearing before Justice of the Peace Robert P. Snyder Monday afternoon while charges of contributing to the delinquency and corrupting the morals of a minor were continued to the May court. Kaiser's bond was reduced from \$2,000 to \$1,000.

State Policeman James Treas testified that Kaiser was arrested in Hanover March 26. A search of Kaiser's 17-room home revealed lewd photographs and a number of nudist magazines, including "Sunshine Health," "Sunshine International," a number of foreign nudist magazines, all found in an unused oven in the kitchen, Treas testified. Treas also said a photograph of a nude woman was found in the front seat of Kaiser's car.

Mary Kaiser, 21, Hanover R. 1, testified that her father-in-law showed her a "Sunshine and Health" magazine in the front room, but she refused to look at it.

### GIRL DENIES STORY

A 16-year-old girl involved testified that she had told state police March 24 she had relations with her father, but on cross examination by District Attorney Daniel E. Teeter testified the story was untrue. Asked why she made the statement, she said that she "wanted to run around," and her father would not permit it.

Snyder said there was not sufficient evidence to convict Kaiser on the statutory charges but held him on the latter counts. Atty. Eugene Hartman represented Kaiser.

## Soundness

Cadillac is unique among cars in constantly providing its owner with the assurance that he could have made no sounder motor car investment. He feels it in every smooth and silent mile he drives. He senses it in the reception he gets wherever he travels. And he rests

secure in the very practical knowledge that his Cadillac is a remarkably economical car to operate . . . and an exceptionally enduring value. Your dealer can augment Cadillac's desirability with some very tempting economic reasons for investing in the "car of cars".

## FIFTY YEARS AGO

## Many Pupils Want Diplomas:

The pupils of the rural and village schools in the county who have completed the course of study and are applicants for the common school diploma were examined on Saturday in the High School building, Gettysburg, by County Superintendent H. Milton Roth who was assisted by the High School principals and several teachers. The result of the examination will not be known for a week or two.

## Conference To Be Held Here:

Representatives of twenty-three eastern colleges and seminaries of the Lutheran Church will meet in Gettysburg on April 19 and 20 for a conference to be followed by a missionary convention lasting several days. The sessions of both will be held principally in the chapel of the local Seminary though one of two evening sessions will take place in the College Church.

## Sudden Death Of John Hall:

John Hall Sr., of Buchanan Valley, who had been a sufferer from Bright's disease for some years, and who was recovering from an attack, died suddenly on Sunday morning about eight o'clock from a ruptured blood vessel at the heart. He was in his eightieth year.

He had been a soldier in the Civil War and ranked as sergeant in Battery B, Independent Artillery. He was mustered into service October 11, 1861, by Capt. Henry B. Hayes, U.S.A., at Pittsburg, and was discharged June 21, 1864.

## Postmistress For Mt. Holly:

Miss Alice Mullin, the newly appointed postmistress of the Mt. Holly Springs post office, has assumed charge of the duties of that office, succeeding H. A. Buttorff, who held the position for a great many years. Miss Mullin has appointed her sister, Miss Evelyn Mullin, her assistant. The office pays a salary of \$1,300 per year, and it is the first office in the valley of that magnitude to be presided over by a woman. Miss Mullin is the daughter of the late Charles H. Mullin, for many years the Republican leader in that county.

## Bush To Quit W.M.R.R.:

B. F. Bush, president of the Western Maryland railroad, has been elected to succeed George J. Gould as president of the Missouri Pacific railway according to rumors. It is expected that a meeting of directors will be held in New York this week and the reports of the probable selection of Mr. Bush as president involves the rumor that a salary as high as \$100,000 annually is to be paid to him. Mr. Bush was connected with the Gould railroad and coal interests in the West prior to his accepting the presidency of the Western Maryland in 1907.

**Plan New Railroad:** An effort is being made to arouse interest in the vicinity of Biglerville, Arden and Cashtown in a proposed new steam railroad branching from the Reading at Biglerville and running through Arden to Cashtown. H. W. Hamblin, of Harrisburg, representing a Harrisburg and New York syndicate, has the proposition in charge. The road is planned to be entirely independent of the Reading and will simply connect with it.

The principal idea in the proposed plan is to get the apple trade from the vicinity of McKnightstown, Cashtown and Oran, all which is shipped over the Western Maryland, but passenger and freight traffic of all kinds will be catered to.

**School Code Passes:** The school code which has been holding the interest of many Adams County people for the past few months passed the House of Representatives on Tuesday by a vote of 131 to 63.

## Today's Talk

## LOST

The best of life comes about through our efforts to find it. We come into the world as dependents. If we are worthy of our mettle, we leave it with people leaning on us—glad of the chance to lend of the strength we have developed.

People discover themselves within themselves. And many times after searching the world over.

To be lost in the midst of vastness is a terrible experience. Our vaunted bigness shrinks to a kind of littleness that merely flits in the air of infinity. We begin to look upon the perishable flowers at our feet and envy their end shrouded in beauty and fragrance.

I have listened to the stories of men who have told me of their feelings at being lost for days in great forests, and this is the picture imaged upon my mind.

But the most bitter experience of all is to be lost in the midst of the whirl and activity of everyday life.

Most of the complications that enter our life are caused by ourselves. And then, instead of sitting down and thinking things all out, we confuse everything by getting overwrought and over-tired and just plain discouraged. Then we don't know where we are—for we are lost!

Let us begin each day with a simple plan. And let us keep our eyes upon it—and go through to the finish.

Then when evening comes we shall know the way home!

Tomorrow Mr. Adams will talk on the subject: "Those Who Awaken Us"

## MANY REMARKS ARE HEARD BY MOVIE USHERS

By HAL BOYLE

NEW YORK (AP)—Remarks a movie usher gets tired of hearing: "The pictures they show here are pretty lousy, but they have the best popcorn in town."

"So why should I stand in line when I bought my ticket already?"

"Why can't I take my dog in with me? He doesn't chew gum or talk out loud, and he's smarter than most of the people in this audience."

"What time does the feature begin?"

"I stayed and seen this pitcher through twice, and I still don't understand what it's all about. Is it up for an Academy Award or something?"

## BRIBING USHER

"His uniform fits him like a glove—a baseball glove."

"If he was in the Navy and had all that gold braid, he'd be commanding at least three battleships and a carrier."

"Hey, General Custer, which way to the lounge?"

"There's two-bits in it for you, bud, if you slip my wife and me in at the head of the line."

"Gee, Melvin, I know you only took this job temporarily until Marlon Brando retires. But when do you think that will be?"

"Hi, Melvin. Joe and our two gal friends are waiting at the side exit. How about slipping 'em in for free?"

## INSPECTION TEST!

"This is the third time this month you have failed to pass inspection, Melvin. Unless you get that button sewed back on before the next performance, I'll have to ask you to turn in your uniform."

"Where's the manager? I put a dime in the candy machine for a chocolate bar—and what did I get back? Licorice!"

"So you call that a mystery picture, do you? The mystery to me is why they ever made it."

"The next time the U. S. Cavalry chases the Indians away, would you mind going down to my son—he's the little boy in the front row—and tell him that you're a policeman and if he doesn't go home now you'll have to put him in jail? I'll be waiting in the lounge."

## GET MONEY'S WORTH

"Now that we've seen the double feature, Essie, let's go to the lounge, get a cup of free coffee—and see if there's anything interesting on the TV set there! While we're here we might as well get our money's worth."

"Yes, Melvin does look nice in his uniform. But he'd look even better if he was on horseback."

"These are nice seats. Thanks, sonny, and here's a dime for yourself. Remember, don't spend it all on one girl."

Two English surveyors, Charles Mason and Jeremiah Dixon, worked from 1763 to 1767 to set up the Mason-Dixon Line, which ended a boundary dispute between the Calvert of Maryland and the Penns of Pennsylvania.

## LENTEN PRAYER FOR TODAY

## from Go With God BY JIM BISHOP

Robert Louis Stevenson (1850-1894) was a native of Edinburgh, Scotland. Frail of health from infancy, he turned from the study of civil engineering to write "Treasure Island," "The Strange Case of Dr. Jekyll and Mr. Hyde," "Kidnapped," and other tales, essays and poetry. After wanderings that included a stay in California, Stevenson spent his last years in voluntary exile in Samoa, living in Vailima, 500 feet above the sea. He wrote a number of prayers at Vailima as he lay gravely ill of tuberculosis. The following was composed the night before he died.

WE BESEECH Thee, Lord, to behold us with favour, folk of many families and nations gathered together in the peace of this roof, weak men and women subsisting under the covert of Thy patience. Be patient still; suffer us yet a while longer—with our broken purposes of good, with our idle endeavours against evil, suffer us a while longer to endure and (if it may be) help us to do better.

Bless to our extraordinary mercies; if the day come when these must be taken, brace us to play the man under affliction. Be with our friends, be with ourselves. Go with each of us to rest; if any awake, temper to them the dark hours of watching; and when the day returns, return to us, our Sun and Comforter, and call us up with morning faces and morning hearts—eager to labor—eager to be happy, if happiness still be our portion—and if the day be marked for sorrow, strong to endure it. Amen. —Robert Louis Stevenson

## Bullets Open 3-Game Home Stand With Lions On Wednesday At 3:30

Gettysburg College's baseball team (0-2) opens a three-game home stand this week when it meets Penn State here Wednesday afternoon at 3:30 o'clock. The late starting time was set at the request of Lion officials.

On Thursday Lebanon Valley plays here at 3 o'clock and Temple comes here Saturday for a game at 2:30.

Penn State will be opening its 66th season when it clashes with the Bullets. Coach Joe Bedenk will have at least five members of the Lions' football squad available for action.

Don Jonas and Dick Pae, halfbacks on last year's grid team, are slated to start at the catching and centerfield positions, respectively. Three other gridgers on the squad are Glen Hall, catcher; Al Gursky, outfield, and Bill Saul, pitcher.

### VETERAN HURLERS

One of four lettermen will draw the hurling assignment against the Bullets. They are Ed Kikla and Tom Durbin, southpaws, and Martin Biesecker and Dave Bergey, right-handers.

The Lions will face Gettysburg with newcomers Bob Rodenhaver and Bart Brodick at first and second bases, and inexperienced varsity holdovers Bill Burkhardt and Don Robinson at shortstop and third base.

In the outfield Pae will be flanked in right field by Captain Dick Delong who owns a two-year batting average of .288 and by John Phillips, a letterman and basketball player, in left field.

Bedenk says of his squad "We lack experience in the infield and won't have too much hitting. Our pitching, catching and outfield appear potentially strong. We have guys who can catch and throw so we'll have to build a tight defense and try to win the close games. Perhaps the hitting will pick up as we move into warmer weather."

### BULLETS NEED HITTING

Hitting has been a big problem for the Bullets who have lost to Villanova 3-0 and Syracuse 11-3. The local outfit has managed but a total of five hits in the two games.

Bruce Simpson will probably draw the pitching assignment against Penn State and Gordon Kissner against Lebanon Valley.

## Hinojosa Makes Friends At Laurel

LAUREL, Md. (AP)—The railbirds at Laurel Race Course may have difficulty pronouncing Herberto Hinojosa's name, but the 25-year-old jockey is making it easy for them at the payoff windows.

During the first two days of Laurel's 28-day spring meeting, Hinojosa—pronounced Heen-oh-ho-sa—has ridden nine winners, finished third with two mounts, and out of the money on four occasions.

A native of Brownsville, Tex., he started as a jockey in 1953. After several years of riding at small tracks in the Midwest, he moved to the big time.

Although he is the fourth leading rider in the nation this year and was second only to Johnny Sellers at Hialeah's winter meeting, this is Hinojosa's first assignment in Maryland.

He made his Maryland debut last Saturday by winning five of the six races he entered—the best performance of his career. On six other occasions, Hinojosa had won four times on a single card.

## JOCKO COLLINS MAY BE FIRED

PHILADELPHIA (AP)—Jocko Collins, commenting on a report he will be dismissed as supervisor of referees in the National Basketball Association, said today: "I haven't been notified I've been fired or rehired."

Collins, who works on a year-to-year contract, said he expected a decision on his future status would be made at the league's annual spring meeting following the playoffs.

In New York, NBA President Maurice Podoloff said no definite decision has been made on Collins' future.

The St. Louis Globe Democrat said owners Walter Globe of Boston and Ben Kerner of St. Louis intended Collins was through.

The Board of Governors, made up of the eight club owners, votes on whether to retain him.

## CAGE CHAMPS SPLIT \$21,000

NEW YORK (AP)—There's \$35,000 up for grabs in the best-of-seven National Basketball Association championship series involving Boston and St. Louis now in progress, with \$21,000 earmarked for the 10 players on the winning team and \$14,000 to the losers.

The huge melon is approximately one-quarter of the \$25,000 pot with which the NBA officials reward teams competing in the various playoffs. The players do not share in the gate receipts as is done by the baseball teams in the World Series.

The team finishing the season with the highest won-lost percentage is given \$2,000. That went to Boston this year. Additionally, the teams winning the divisional championships get \$10,000 each. Boston won the Eastern flag, St. Louis the Western.

**OTHERS ARE PAID**  
Los Angeles and Philadelphia, as runners up in each division, were rewarded with \$3,000 and all four teams in the semifinal playoffs—Philadelphia, Syracuse, Los Angeles and Detroit—each received \$6,000.

Winners of the divisional championship series were enriched by \$10,500 per club while the two losers got \$8,500. This year Boston and St. Louis got the larger sums while Syracuse and Los Angeles the smaller amount.

If Boston wins the best-of-seven final round, the Celtics will divide \$43,500. If St. Louis wins, the Hawks will have \$41,500 to split.

## WINGS PLAN NO CHANGES

DETROIT (AP)—The Detroit Red Wings plan no strategy changes, no matter what team they face in the Stanley Cup hockey finals.

"Our formula is simple," said General Manager Jack Adams. "All we have to do is to be certain to keep using it."

Adams and Coach Sid Abel agreed that the way the underdog Red Wings beat the Toronto Maple Leafs in five games in their best-of-seven semifinal series was "check the daylight out of them and keep the pressure on—and hope your hard work pays off."

The Wings never trailed except in the opening game, Toronto's lone triumph of the series.

The Wings claim they don't care which team they face. The Chicago Black Hawks lead the Montreal Canadiens, regular season champions of the National Hockey League, 3-2 in their semifinal round. The Hawks could wrap it up with a victory tonight in Chicago.

## Renew Probe Of Cage Scandals

NEW YORK (AP)—The New York County grand jury began an investigation today of the latest college basketball scandals that already have led to the arrest of two men.

The pair, Aaron Wagman, 28, and Joseph Hacken, 41, both of New York, were scheduled to appear for a hearing before Magistrate Louis Wallach in felony court.

Both have been charged with bribing two Seton Hall players and one from the University of Connecticut to shave points on games in which their teams were involved.

One New York police source said the scandal could involve from 15 to 25 colleges.

## Biglerville Given Okay To Join Blue Mountain League By School Board

Another blow at the crumbling South Penn Scholastic Conference was struck Monday evening when the Upper Adams Joint School Board approved by a voice vote a recommendation of the Biglerville Athletic Council to join the Blue Mountain League.

It was implied that Biglerville's application for membership in the Blue Mountain circuit would be accepted.

Charles L. Yost, Biglerville principal and president of the South Penn League, told The Times this morning that, as a result of the action, the school would undoubtedly have to quit the South Penn League.

Biglerville's admission to the Blue Mountain League will become effective in 1962 when full schedules will begin.

It was reported at the board meeting the Blue Mountain League membership will include Big Springs, Boiling Springs, Newport, Susquehanna, Camp Hill, Northern of Dillsburg, East Pennsboro, Shippensburg, Biglerville and Gettysburg.

### NO GHS ACTION

George Forney, athletic director at Gettysburg High School, said this morning that the athletic council has taken no action concerning entrance into the Blue Mountain League or dropping from the South Penn.

Board member John Pitzer, who reported for the athletic council, said Biglerville would drop Hanover from its football schedule, continue to play Littlestown on a home-and-away basis, and play each member of the league one contest per year.

Pitzer said the league would include all sports, with Gettysburg not participating in wrestling.

The council said the action was taken because "it was felt that the South Penn would not stay in existence much longer." Yost said that, at the last South Penn meeting, "the league seemed very shaky," and the Blue Mountain League "will accept Gettysburg and Biglerville if we want to join."

When asked by Rev. Nevil Frantz about forming a league within the county or something similar to a tri-county league, he was told that over 16 schools in the area had been contacted. Some were already in leagues and didn't want to risk their status, others did not participate in all sports, while others just didn't reply to the query.

**SCHOOL RECOMMENDATIONS**  
In the recommendations submitted by the council, the board approved the suggestion that all athletic equipment be stored in one room; that the board buy "letters" for the varsity students instead of other groups; that a set of training rules be set up for athletes; that coaches and assistants make up a set of rules and regulations concerning the awarding of "letters" in order to make it tougher; and that administrative personnel and coaches hold a meeting once a month.

**NHL RACE IS NEAR PLAYOFF**  
CHICAGO (AP)—The Montreal Canadiens, champions of the National Hockey League and Stanley Cup winners the last five years, find themselves at the brink of a playoff elimination tonight.

The Canadiens take on the upstart Chicago Black Hawks in a win-or-lose contest in the Chicago Stadium before a crowd of more than 16,000.

The Hawks grabbed a 3-2 edge in the best-of-seven series with a 3-0 victory in Montreal Saturday night and hope to put an end to the Canadiens' reign in the sixth game of the series.

If successful, the Hawks would meet the Detroit Red Wings in the opening of the championship best-of-seven series in Chicago Thursday night, marking the first all-United States Stanley Cup championship playoff since 1950 when the Red Wings defeated New York.

However, if the Canadiens win the series goes back to Montreal Thursday night for a final, sudden death seventh game.

**PHILS GET FERRARESE FROM SOX FOR LEPICIO**  
TAMPA, Fla. (AP)—Manager Gene Mauch of the Philadelphia Phillies says southpaw Don Ferrarese will help the club in the bullpen.

"We're short of left-handers," Mauch said Monday after the Phillies bought the former Baltimore Oriole from San Diego, a Chicago White Sox farm club in the Pacific Coast League. At the same time the Phillies sold infielder Ted Lepicio to the White Sox.

Lepicio was happy with the news of his sale.

"I wouldn't have had a chance to play here," he said. "Maybe the Sox will give me a chance." Lepicio hit .227 in 69 games last season with the Phillies.

## FIRST WINNER SAYS MASTERS TEST OF POWER

AUGUSTA, Ga. (AP)—As golf's brightest stars tuned up today for the silver jubilee Masters Tournament, the meet's very first champion said the storied Augusta National course now is a test of power rather than finesse.

Horton Smith, the aging, meticulous putter who won the inaugural show in 1934 and again triumphed in 1936, readied for Thursday's start of his 25th consecutive Masters. He sadly commented that the Augusta National "just isn't treacherous now."

**STILL IS TREMENDOUS**  
"It still is a tremendous golf course," said Smith of the par 36-72 layout cradled in some 6,000 yards of horticultural splendor. "But within the past five years somehow it has called for more power than trickery."

Billy Casper, former U.S. Open champion and a ranking Masters' contender this year, also thinks the once-treacherous speed of Augusta's greens is gone to some degree.

"They are so well-matted now, they probably never will be as fast as they once were," said Casper, whose 3-under-par 67 practice round Monday indicated he'll be pressing to improve his fourth-place Masters' finish last year with 287.

Two other players also seeking their first Masters' title, Chick Harbert and Dick Chapman, fired 69s as most of the big guns in the expected field of more than 90 hand-picked entries tested the wind-swept course under leaden skies.

Defending champion Arnold Palmer, aiming for an unprecedented second successive Masters' title and his third in four years, came in with "a 71 or something like that."

Ken Venturi, who finished a stroke behind Palmer's winning 282 last year, also shot a 71, while 73s were carded by Ben Hogan, two-time Masters winner and holder of the meet record of 274 (1953); power-hitting Mike Souchak; Jay Hebert, and Walter Burkemo.

## ANGELS' POWER INSUFFICIENT SAYS SCRIBE

By JOE REICHLER  
Associated Press Sports Writer  
LOS ANGELES (AP)—There isn't an established 300 hitter on the club but the Los Angeles Angels are counting on sock to get them somewhere in the American League race.

Somewhere might be ninth place in the league's new 10-team setup. It surely doesn't figure to be, on the basis of what the Angels have shown this spring at their Palm Springs training camp, among the first five.

But Manager Bill Rigney does have a few long-ball hitters who should propel a great many home runs over the right-center and right field fences at Wrigley Field. Some observers seem to believe that Ted Kluszewski, Bob Cerv, Steve Bilko, Ken Hunt, Faye Throneberry and Eddie Yost will give rival clubs' pitching many a bad moment.

**OTHER HITTERS' POWER**  
What isn't emphasized here, of course, is that other American League clubs have power hitters who are going to find Wrigley Field a nice place to tee off in.

The prevailing night breezes from the Pacific Ocean are toward the outfield. Left field is 340 feet from home plate; center, 412, and right, 339.

The Angels' pitching staff isn't going to strike terror in the hearts of very many batters. It is headed by Eli Grba, who was 6-4 with the New York Yankees last season. He has been doing a presentable job at Palm Springs and he and his teammates are confident he'll have a good season. Helping him will be Ned Garver from Kansas City, Ken McBride from Chicago, Truman Cleveland of Washington, Jerry Casale and Ted Bowfield of Boston, Tom Morgan from Detroit, among others.

**MAAS TRADED**  
Duke Maas, acquired from the Yankees, was a disappointment as a pitcher and has been traded back to New York for shortstop Fritz Brickell, who hit .258 last season at Richmond.

Rigney is not satisfied with his defense. He has Ken Hamlin and Gene Leek at short, but Hamlin's hitting isn't very rugged and Leek needs experience. Eddie Yost will do a competent job at third and Ken Aspromonte's hitting keeps him at second. Bilko, who hit 56 homers with the Angels in 1957, is slated to play first base against left-handed pitching. Kluszewski will be at first against right-handers.

Earl Averill and Del Rice will share the catching.

The outfield will have Cerv and Hunt as fixtures, but right field is still wide open between Throneberry, Albie Pearson and Lou Johnson, just obtained from the Chicago Cubs.

## GRIFFITH IS MONTH'S BEST

PROVIDENCE, R.I. (AP)—Emile Griffith, 22-year-old New York milliner who won the world welterweight championship last Saturday night, is the National Boxing Association's boxer of the month.

Griffith was selected over Floyd Patterson, who defended his heavyweight title by knocking out Ginemar Johansson.

The New York surprised by De-throning Benny (Kid) Pareto of Cuba.

Anthony Petronella, chairman of the NBA rating Committee, Monday night explained the choice this way:

"Griffith provided the most sensational touch of the year when he accomplished what many considered impossible by knocking out Pareto in their title fight."

In the new NBA ratings Johansson dropped from third to fifth among heavyweights.

Sonny Liston of Philadelphia continued the No. 1 contender. Ranked after Liston are Eddie Machen, Henry Cooper of England and Zora Folley, Phoenix, Ariz.

The cagers will be guests of several members of the Booster Club in recognition of their South Penn League championship.

## Roberts Injured But Extends Scoreless Streak To 23 Innings

By DON WEISS  
Associated Press Sports Writer  
Roberts, puffed ear and all, has taken another big stride toward the Philadelphia Phillies' opening day assignment that used to be his by habit.

The veteran pitcher, 34, who has had only one winning season in the last four after ranking for years as the National League's top right-hander, pushed his string of scoreless exhibition innings to 23 1-3 Monday. Then a drive off his right ear sent him to the showers sooner than Manager Gene Mauch had intended.

Roberts pitched 6 1-3 scoreless innings in the Phils' 3-2, 16-inning victory over the New York Yankees—then wobbled off the field at St. Petersburg, Fla., when a one-hop smash off the bat of the Yankees' Clete Boyer struck him on the ear.

**INJURY NOT SERIOUS**  
The 13-year Phils' vet is undergoing treatment at a Clearwater, Fla., hospital to guard against a "cauliflower ear" but the injury isn't considered serious and he is expected to go as scheduled against the Pirates in an exhibition at Wichita on Friday.

Barring further complications, that'll tune the 6-2, 200-pound Roberts for the Phils' opener at Los Angeles a week from tonight at the Coliseum.

Back-to-back doubles by Tony Taylor and Johnny Callison broke up the game against the Yankees in the feature of a Monday exhibition program that also saw Roberts' former teammate, Curt Simmons, pitch St. Louis to a 4-3 victory over Chicago's White Sox; Pittsburgh whip Cincinnati 5-2; the new Los Angeles Angels crush San Francisco 12-8; Washington edge Baltimore 2-1 in 13 innings; Minnesota wallop Detroit 11-4 and Cleveland outlast Boston 10-9.

**ALLOWED 2 RUNS**  
Simmons, who helped Roberts and Jim Konstanty pitch the Philadelphia Whiz Kids to their startling NL pennant in 1950, allowed but two runs and six hits in eight innings for the Cardinals. St. Louis scored all its runs in the sixth, three on Joe Cunningham's bases-loaded triple.

Bob Friend used homers by Del Rice, Steve Bilko and Faye Throneberry to whip Juan Marichal and the Giants. Marichal, Giants' rookie ace last year, was blasted for seven runs and 11 hits in five innings. Felipe Alou homered twice for San Francisco.

Catcher Frank Zupo's bad throw on Marty Keough's punt enabled Jim Mahoney to score from second with the 13th inning run that beat the Orioles. Rookie Joe McClain, looming bigger every day in the Senators' plans, worked nine innings and allowed one run and several hits.

**KILLEBREW HAS TWO**  
The ex-Senators—the Minnesota Twins—rode their home run power over Detroit, accounting for 10 of their 11 runs on two circuit shots by Harmon Killebrew and one apiece by Don Mincher, Dan Dobbek and Elmer Valo. Chuck Stobbs kept the Tigers under control with a yield of just three hits in seven innings.

Boston's injury list, already including outfielders Jackie Jensen and Carl Yastrzemski, added All-Star third baseman Frank Malzone, who sprained an ankle sliding into second base. He'll probably be sidelined a few days.

**PLAN LANES FOR STADIUM**  
PHILADELPHIA (AP)—J. Schleifer Properties, Inc., of New York City, says it intends to tear down Connie Mack Stadium and build bowling alleys and a discount store on the home grounds of the Philadelphia Phillies.

However, President Jack P. Schleifer added that plans are incomplete. He said final plans will not be drawn until he has talked with city officials about any possible plans for redevelopment in the vicinity.

Bob Carpenter, owner of the Phillies, announced the sale of the stadium last Wednesday but did not disclose the purchaser or the price at the time.

Settlement was made Monday in the offices of Carpenter's attorneys, Phillips Treasurer George F. Harrison said the sale price was "less than a million." The 7.5 acre park had cost Carpenter \$1.6 million in December, 1954.

The Phillies eventually plan to move to a new \$10 million stadium in the northeast section of the city, hopefully by 1963. Carpenter has leased the stadium from Schleifer until Dec. 31, 1963, with an option for four consecutive single years thereafter.

DETROIT (AP)—The 31st day of the American Bowling Congress Tournament produced no serious threats to the leaders of the big tenpin circus' nine categories.

Chuck Winterstein, 34, operator of a Hammond, Ind., bowling center, supplied the only excitement in the classic division when he took third place in the singles with 673. He hardly imperiled Earl Johnson of Chicago who earned the lead last Wednesday with 733.

Canal Street in New Orleans is the widest business thoroughfare in the United States.

## THUNDERBOLTS MUST REBUILD FOR BASEBALL

Baseball prospects at Littlestown High School are far from bright this season, graduation having taken nine regulars from last year's squad.

# MORSE WILL SUCCEED RICE AS CHAIRMAN

HARRISBURG (AP)—Otis B. Morse IV, a man who is equally at home in matters of protocol or politics, is scheduled to be named the first full-time Democratic state chairman Wednesday. Although his horn-rimmed glasses give him a scholarly look, Morse is more often remembered for his big, ready smile.

Gov. Lawrence confirmed Monday that there was general agreement among party leaders that Morse would be selected to succeed John S. Rice when the Democratic state committee meets Wednesday.

**FORMER ACTOR**

Rice, who was state chairman in addition to his duties as Commonwealth secretary, resigned after President Kennedy named him as the U. S. ambassador to the Netherlands.

Morse, 40—an actor and a radio newsman before turning to politics—follows in the general pattern which was established by the selection of Rice: He is from the rural area of central Pennsylvania and cannot be tied to any of the

factions within the party.

The salary which will be established for Morse as the first full-time chairman was not disclosed, but was reported to be \$20,000. He currently is paid \$15,000 per year in his post as Lawrence's appointments secretary.

**HAS RISEN RAPIDLY**

The selection climaxes a rapid rise in politics for Morse.

A native of York City, his first bent was toward the theater.

After graduating from high school, he went to New York City to study at the American Academy of Dramatic Arts.

However, his professional stage career was fairly brief, bridging the years of 1939, when he was graduated from the academy, to 1941, when he returned to York to take a job as program director with a local radio station (WORK).

He did several shows in summer stock and made a few Broadway appearances, including the male lead in "Everywhere I Roam," a dramatic play that lasted four or five weeks.

Morse went into the Army in 1943. In his three years as a soldier he was principally occupied with the armed forces radio in this country and the Caribbean.

He joined another York Station (WSBA) on his discharge from the Army in 1946 and held the job of news commentator and program director.

**JOINED LEADER STAFF**

He began covering the political conventions in 1948.

At the 1956 convention, York countain George M. Leader, then governor of Pennsylvania, asked Morse, an old friend, to join his staff.

"I turned it down rather firmly," Morse recalled. But Leader kept after him when they returned home from the convention.

A few months later, largely at the urging of his wife, Lorraine (Midge), Morse took a post as Leader's assistant secretary.

When secretary David R. Randall left the staff in 1958, Morse moved into the vacancy. Lawrence retained him when he took office in 1959.

**KIDS, CATS, TREES**

Morse has been a life-long Democrat and has been active in York

County politics for years although never a candidate for office.

The chairman-select lives in Springettsbury Twp., near York. He has eight acres there "on which I raise kids and cats and pine trees."

The Moreses have three children: Otis 5th, 12; Karen, 9 (10 on Friday) and Rebecca, 4.

He is a member of the First Presbyterian Church of York and a Sunday School teacher.

# CASTRO FEARS SHOWDOWN ON YANKEE SHIP

COLUMBUS, Ohio (AP)—A Columbus Dispatch staff writer, Clair Stebbins, reporting from the U. S. naval base at Guantanamo, Cuba, said Monday Fidel Castro's Cuban government had backed away from a military showdown with U. S. Navy air and sea power after intercepting an American cable-laying ship.

The ship, the Western Union, had been intercepted Friday in

international waters five miles off the east Cuban port of Baracoa, Stebbins reported.

Stebbins said the Navy's Office of Information at Guantanamo was not authorized to release the information immediately.

He said the Western Union was intercepted at mid-afternoon by a Cuban gunboat which pulled alongside and ordered the vessel to head for shore.

**SEND OUT JETS**

"The entire jet strength of Guantanamo's Carter airfield went into action and planes were dispatched, two at a time, to maintain surveillance on the Cuban gunboat and the small American vessel," he wrote.

"At no time did the American aircraft or warship invade Cuban

skies or water. No one would comment, however, on what might have happened if the cable ship had not been released. Nor is it known whether an explicit ultimatum was delivered to the Cubans during the time when peace hung in the balance."

After being released, the cable ship proceeded to Key West under escort of a destroyer, the account said.

In Washington, the Pentagon had no immediate comment.

**COURT DENIES**

WASHINGTON (AP)—Clyde Raymond Near, 37, scheduled to die in Virginia Friday for killing Barry Steele Chapman, has been denied a Supreme Court review of his trial.

Chapman, 23, was a counselor

**Cab Company Asks For Rate Increase**

HARRISBURG (AP)—The two-cent-a-gallon increase in the state gasoline tax has been cited by two Harrisburg taxicab companies as the basis of a requested rate increase.

The two firms Monday asked the Public Utility Commission to approve a five-cent increase in base fares to cover the additional gasoline cost.

Penn-Harris Taxi Service Co., Inc., asked that the increase become effective April 29 and the

Harrisburg Taxicab and Baggage Co. filed its proposal to go into effect May 1.

Harrisburg Taxicab seeks to raise its base fare from 30 to 35 cents for the first 1/4 mile, and Penn-Harris proposes to hike its initial rate from 30 to 35 cents for the first 1/4 mile.

## Godfrey Says Knowledge Of Cancer Is Important To Help Combat Disease

**EDITOR'S NOTE** — Two years ago TV star Arthur Godfrey underwent surgery for lung cancer. Now honorary education chairman of the American Cancer Society's current crusade, Godfrey tells about his own bout with the disease in this first of three articles.

By ARTHUR GODFREY  
Written for The Associated Press

I was in Hawaii doing a telecast when I first noticed the pain. It wasn't severe or steady, but it made me uneasy. I decided it was heart. So whenever it got out of hand, I'd dive into the Waikiki surf, swim out, and tell myself: "If it's a coronary, okay, let it come now."

Since it didn't, I changed my diagnosis to gas pressure.

Back home, the doctor did not agree. His diagnosis was based on X-rays. After he examined them and me, he gave me the verdict.

It was the kind of verdict nobody wants.

As the doctor spoke, the lights went out in Godfrey's great big beautiful world.

**COULD BE EASIER**

It would have been easier if I'd known more about cancer—if I'd known then what I know today—that there are now, here in the United States, well over a million people who also once heard the diagnosis, cancer, and, after treatment, lived on to hear the doctor say: "Well, you've

passed the five-year checkup. Guess we can both relax."

I hope to hear those words too—three years from now. Because it's just two years ago that I underwent surgery for a cancer in the left lung. The doctor says I'm in fine shape. There's no trace of cancer in me. But a patient is considered cured only when there has been no recurrence of the disease for five years after treatment.

But I acquired an education in the days and months after surgery; involuntary at first, it became an education I consciously pursued when I recovered. For years I'd been active in the fight against cancer. But now I wanted to know fundamental facts.

### SHARE KNOWLEDGE

What I found out is hopeful in the extreme. I want to share this knowledge with the public, because it may help other people face the ordeal of cancer if they must—and escape it, if they can. Many thousands of lives could be saved if more people knew the facts about cancer cure and prevention. To help spread these facts is the purpose of these articles.

My advice? Get a checkup—get one every year even if you have nothing wrong, and if you suspect cancer—if you have one of its seven warning signals for more than two weeks—see your doctor without delay. It may not be cancer at all. But if it is, the sooner it's treated, the better your

## EASTER SNOW STRIKES PA.

PITTSBURGH (AP) — Weather-wise, Easter came a day too early for most of Pennsylvania.

Relief came Monday from the spell of raw weather that messed up the holiday weekend in the eastern and western ends of the state. Only the central part got sunshine Easter.

The wind died down Monday and sunshine broke through over much of the state. Temperatures rose.

**UP TO 8 INCHES**

The weekend snow in the east was limited to flurries, but sections in the west got as much as eight inches.

Seven of 10 fatal traffic accidents over the weekend in Pennsylvania were blamed on wet or snow slick highways.

The deepest snow accumulations

chance for full recovery. Keep away from quacks, fake remedies and home remedies. Only surgery or radiation can cure you.

### MANY ARE CURED

Second, what did my reading and interviews teach me? As of April 1, 1961, there were over 1½ million people in the United States cured of cancer—men, women, children.

That's another thing I learned. Cancer can strike at any age. It often hits hardest at the young and defenseless. More children die of cancer than of any other disease; in half the cases they die of a cancer called leukemia.

The third thing I learned was that this most dreaded type of cancer is, from a research point of view, the most hopeful. A number of scientists believe that the big breakthrough in cancer control may come in leukemia. Some believe that this cancer is virus-caused. Viruses have been used to produce leukemia in mice, and also to make mice immune to leukemia.

### MAY VACCINATE

Will we ever be able to vaccinate our children against leukemia, as we now do against polio?

An increasing number of scientists now believe that it will eventually be possible to produce vaccines to mobilize the body's defenses against cancer. When? Maybe in 1 year, in 10 years, in 25. Nobody knows the date. But everybody knows that money for research can help advance the date.

Next: Lung cancer.

## Burglars Get \$200,000 Loot

GRAND RAPIDS, Mich. (AP) — Police and the FBI today sought burglars who carried off an estimated \$200,000 in gold, silver and gems as loot from a jewelry firm Sunday.

An abandoned green sports shirt smelling of tear gas and some burglar tools were major clues.

Thieves broke into the H. R. Terryberry Co. and stole the valuables from eight safes. The firm is a manufacturer of school rings, pins and specialized jewelry.

Police said the burglars set off a tear-gas trap in a futile attempt to open three more safes. The sports shirt was found in a nearby alley.

The FBI entered the case because of illegal possession of gold by other than a dealer.

The loot, police said, included 300 pounds of gold and silver pressed into sheets of varied thicknesses, and unset diamonds and other stones.

## MOTHER SAVES BABY IN WELL

HAMILTON, N.Y. (AP) — The mother took off her coat, acting calmly but quickly. She sent her son David, 6, running for help. Then she climbed 24 feet down a well to save her daughter, Barbara, 4, from drowning.

Mrs. Arthur Linsley plucked Barbara from the water. Then she braced her back and feet against the rough walls of the dark, three-foot-diameter well and waited.

David did his part. He ran a half mile to the nearest house. Firemen arrived in 15 to 20 minutes, Mrs. Linsley estimated.

"I was getting a little shaky," she related Sunday after firemen pulled her and Barbara to the surface with ropes.

Barbara had lost her balance and tumbled down open shaft in

were in Erie and Crawford counties where eight inches fell.

Power lines were pulled down in Crawford County by the heavy, wet snow, cutting off electricity in some sections for several hours.

Two to three inches of snow fell in Indiana, Cambria and Somerset counties.

Bitting winds and heavy snow flurries pounded Pittsburgh, Uniontown, Washington and Butler.

## PRESIDENT IN TWO KEY CRISIS OVER WEEKEND

PALM BEACH, Fla. (AP) — President Kennedy figured in two crises over the Easter weekend, one a reported assassination-kidnap plot against his family and the other involving Southeast Asia.

The President and his smartly dressed wife attended Easter Sunday church services under a doubled security guard because of deep concern about the Kennedy family's safety.

On the international front, the President's attention centered on what he called the potentially dangerous situation in Communist-threatened Laos.

### AWARF OF PRECAUTION

The President has had no comment on reported plots by pro-Castro Cubans to kidnap his daughter Caroline, 3, or assassinate the entire Kennedy family—father, mother, Caroline and John Jr., four months.

Secret Service agents have had the Cuban suspects — three men and a woman — under around the clock surveillance.

While the President has been

an abandoned house.

The experience began with an Easter drive into the country from Hamilton, where Mrs. Linsley's husband is a professor of paleontology at Colgate University.

The children spotted the abandoned house and asked to explore it. In her fall, Barbara missed protruding stones that enabled Mrs. Linsley to get a foothold in her descent.

### BLONDIE

keeping mum publicly about all this, he and his wife obviously were aware of the extra precautions the Secret Service took to safeguard them.

A crowd estimated at up to 1,000 had assembled in the vicinity of St. Edward's Catholic church long before the President and the First Lady arrived—almost 10 minutes late—for 10 a.m. Easter Sunday Mass.

### PILLBOX HAT

The first precaution the Secret Service took disappointed the crowd. The usual route from the Kennedy estate was changed and the President and his wife slipped in through a side door of the church almost unnoticed.

Well in advance of the Kennedys' arrival, Secret Service men augmented by local, county and state police had filtered into the roped-back crowd to keep a close watch for any potential troublemakers.

The First Lady wore a pale blue two-piece shanting dress—a straight skirt with a collarless overblouse with seven buttons down the back—and a matching pillbox hat.

On their arrival the Kennedys were ushered swiftly to a pew just inside the side door. They usually sit on the opposite side, near the back.

At the end of the service the side aisle was cleared and the Kennedys left by the front door. Both smiled and the President waved to the applauding crowd as they walked to their car.

## Five Of Seven Children Perish In Easter Blaze

SAGINAW, Mich. (AP) — Five of Delores Johnson's seven children — including one for whose mistreatment she served a probation term — died in an Easter fire at their home.

Mrs. Johnson, 30, escaped with two by smashing a window. Neighbors held her back when she tried to rush into the blazing house for the others.

The fire swept the old, frame home. Four of the children who lost their lives were trapped at the top of a stairway leading to their bedrooms. The fifth was found downstairs.

One of those who died was Debra, 4.

When Debra was a baby, Mrs. Johnson had punished her for playing with matches. She held the child's hands over an open gas flame. Mrs. Johnson was convicted of cruelty and placed on probation.

Others who perished were Donna Jean, 9; Allen Dale, 6; Andrew Darrell, 4, and Jeffrey James, 3 months.

Mrs. Johnson escaped with Diane Mary, 2, and Darlene, 11.

# Did you know Gasoline is Taxed at a Rate 5 Times as High as Diamonds?

**IN PENNSYLVANIA, YOU PAY \$1.10 TAX ON 10 GALLONS OF GASOLINE**

**Gasoline taxes will be lowered—  
if the latest temporary  
Federal gasoline tax increase  
expires on June 30th as scheduled by  
the 1959 Federal Highway Act.**

Along with all good citizens, we are in favor of building the roads that the motoring public needs. But, in the last 10 years alone, Federal and State taxes nationwide on gasoline have skyrocketed 51%—skyrocketed to a point where gasoline, a basic commodity, is actually taxed at a rate five times as high as luxuries like diamonds and mink coats.

**Must gasoline taxes be so high?** Most people believe that gasoline taxes are high because the money is needed to pay for our national highway program. This is not so.

The fact is that out of every highway-user tax dollar collected last year by the Federal government, more than 40 cents was diverted to non-highway purposes.

If these highway-user tax revenues were spent for highways—as they should be—gasoline taxes could be lowered, and the highway program given a boost.

In fact, the Federal-Aid Highway Act of 1959 provides that when the added temporary Federal gasoline tax expires on June 30th, 1961, as scheduled, some \$802 million a year in highway-user taxes—now diverted to the U. S. Treasury's general fund—will instead be deposited in the Highway Trust Fund.

As a result, if the latest Federal temporary gasoline tax

increase expires on June 30th as scheduled—the national highway program will actually get \$225 million more each year than it now receives from the latest Federal temporary gasoline tax increase.

In January of this year, after an exhaustive 2-year survey of national transportation policy, a special U. S. Senate study group confirmed the wisdom of this decision.

**This will be good news for you.** You will be able to enjoy a steadily improving highway system, at a lower gasoline tax-rate.

### HERE ARE THE FACTS ABOUT TODAY'S HIGH GASOLINE TAXES

- In Pennsylvania, you pay \$1.10 tax on 10 gallons of gasoline.
- You pay 11¢ tax a gallon—4¢ in Federal taxes plus 7¢ in State taxes.
- Gasoline is taxed at a rate 5 times as high as diamonds.
- The average Pennsylvania motor vehicle owner pays \$82 a year in gasoline taxes.
- Since 1951 there have been three increases in the Federal gasoline tax alone.
- In the last 10 years, gasoline taxes nationwide have skyrocketed 51%—yet the national average price of gasoline itself has risen only 5.5% during the same period.

# Riding with Russell

by FREDERICK C. RUSSELL

Any motorist looking for a place to park his car will agree with the scientific view that space is solid.

How your car behaves at any time depends to a large extent on your attitude toward the job of handling it. Being in a bad frame of mind results in your doing things that handicap the car, whereas an attitude of praise brings out the best the car can offer because it first encourages you to do those things that help you help the car.

Almost any new car will impress you as running extremely well because you admire it and expect it to provide a high level of performance. You usually try it when in the mood for sampling motoring at its best. I have often seen people drive new cars that were not quite ready for demonstrations yet with complete satisfaction.

The same annoyances with their own car would cause them to become disturbed, even alarmed. In that frame of mind the car is not likely to enjoy the benefits of skillful handling.

Attitude is important to car performance. Think about it the next time the car doesn't appeal. You may be handicapping it. **WELL, WHAT'S NEW?**

Before anyone gets too excited

over aluminum crankcase and brakes as new developments it might be well to record that the Hispano-Suize car back in 1912 (before World War I) carried a crankcase of this lighter metal. Later the 1919 model featured finned aluminum brake drums with cast iron liners. It was one of the much discussed advances of the day.

That slip sleeve in the drive line can be quite a headache if it is in the habit of making cracking sounds when the transmission is shifting. I am glad to see that lubrication of this part of the driveline is provided for on one of the newer cars. There's a plug in the sleeve which should be taken out and replaced with a grease nipple. However, where there is such provision for greasing it is important to put the plug back again to prevent grease from being tossed off. Sometimes the splines are a bit rough.

**MECHANIC JOE SPEAKING:** "Everything in the book has been thrown at those warning telltale lights which on many cars have replaced the ammeter and oil pressure gauges, but there is another side to the coin. Ask any service man and he will tell you of many cases where motorists have experienced trouble without having so much

as thought to watch the gauges which were so plainly warning that things were not well with the car. But where there are warning lights any flashing of red gets attention.

"One motorist couldn't understand why the engine would not start the other morning. Yet the ammeter showed that the system was on discharge due to the generator needing new brushes. Had his car been equipped with a telltale light he would have been forewarned.

"I'm all in favor of ammeters and pressure gauges which provide a means of closely feeling the car's pulse, but in all fairness to the car makers they may have a point in preferring simpler warning signals."

Q. The brakes on my car have become quite noisy. But I do not seem to be able to tell if the trouble is with a front or a rear brake. T. M.

A. Assuming the linings and drums are all right and that the shoes are free you may find that noise is a front brake is due to loose wheel bearings. In a rear brake on your car with leaf springs a loose U-bolt could cause this.

Q. The new fuel pump on my car is leaking. I have tightened all screws and connections but this doesn't seem to help. L. L. F.

A. It could be a case of faulty assembly.

Q. Is it possible for a carburetor to lose fuel when the car is standing for some time other than by evaporation or leakage? J. McN.

A. This can result from capillary attraction. The fuel climbs up the inside of the float bowl and escapes past the cover gasket. It depends on the surface inside the bowl.

Q. My car has developed a low-speed shimmy. The usual things have been checked. J. H. T.

A. How about weak shocks?

Q. The engine of my car has no pick-up although it seems to be working hard. It is six years old. Transmission is standard. K. B. R.

A. This looks like a slipping clutch. Chances are that there isn't enough pedal free play.

Q. There is very severe engagement when I move the selector lever to Low, Drive or even Reverse. A friend told me that this could result from too fast engine idling but I find that idle speed is just about as slow as I dare go with an automatic transmission. The throttle linkage has been checked. P. L.

A. This looks like a pressure condition in the transmission. Better have your mechanic check

the regulator.

Q. What fuse capacity should be used in the electric windshield and washer circuits of my car? B. H.

A. Use a 25 amp fuse for this.

Q. What would cause the engine to cut out completely every now and again. I suspect it is electrical trouble because there is no sputtering or coughing from the motor as when running out of gas. Have checked all wiring carefully but there is no evidence of poor connections. W. G. Jr.

A. I would be suspicious of a loose ignition switch.

Q. The starter will not crank the engine fast, but there is some improvement when it is has been warmed up. P. S. J.

A. When the oil is thinned out as the engine warms up the starter has an easier job to do. That explains the difference you note in cranking speed. Behind this you'll probably find a dirty starting motor commutator or worn brushes, assuming the battery is fully charged and cable and ground connections are in good condition.

## FARM SQUEEZE GETS TIGHTER

HARRISBURG (AP)—The State Agriculture Department reports that prices paid to Pennsylvania farmers continued to drop during the month between the middle of February and the middle of March.

The department's Crop Reporting Service said Monday that the prices received by farmers in mid-March were nearly 3 per cent lower than a month earlier, although the average level of farm prices was the same as a year ago.

It was the third straight period in which farm prices declined. The service attributed the drop to seasonally lower prices for wholesale milk and eggs and general lower prices for hogs, calves and potatoes.

The index of prices received, the service reported, was 230 per cent of the 1910-14 base of 100 in mid-March; 237 in mid-February and 230 a year ago.

The service said steers, heifers, sheep, lambs, soybean and feed grains got slightly higher prices, and that all crops averaged two per cent below the previous month and six per cent below last year.

## Report Batt For Federal Position

PHILADELPHIA (AP)—William L. Batt Jr., Pennsylvania secretary of labor and industry, is reported under consideration for appointment by President Kennedy as federal area redevelopment administrator to administer funds for depressed areas in the nation, the Philadelphia Inquirer said.

In today's editions the Inquirer said in a dispatch from Harrisburg, Pa., that the administrator will handle an estimated \$94 million expected to be authorized by Congress to provide aid for economically stricken areas in the United States.

The Inquirer said that Batt, state secretary of labor and industry since Jan. 19, 1955, was active in the Kennedy-for-President campaign during the 1960

election.

## SAYS MODERN SERIALS NOT LIKE OLD ONES

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP) — Leonard Stadd, who writes the NBC daytime serial, "From These Roots," fumes every time he reads or hears of an evening dramatic show on television referred to as "soap opera."

"The nighttime drama is close to the stage play and related to the short story in its use of a tight, closely knit format."

Furthermore, he insisted, today's daytime serials are far, far away from the old radio soap operas, although few casual viewers realize it.

"The radio serials existed in a world of their own," he theorized.

CONDENSED MATERIAL

"They suspended time and reality. They would have a wedding ceremony, for instance, going on for a solid month of programs. Today's viewers are a good deal more sophisticated, and we would never dare go for more than two days at the outside for one event, and we usually try to put it into one episode."

Stadd said that by using this "novel technique," the serial unfolds at a rate that is equivalent of a chapter a day.

As the sole writer of the serial, Stadd is a one-man word factory. He turns out five half-hour scripts a week. Each script runs around 6,000 words, which means that Stadd's output every two weeks or so involves enough writing for a decent-sized book.

3 WEEKS AHEAD

"I actually work from a three-month projection of the story lines," he said. "I write out six or seven pages of outline. Then from that I make an outline for each two-week period—one page for each day's script."

"All I have to do after that is keep three weeks ahead of schedule on scripts—and make sure I've juggled the scenes so that I've used our regular players enough times, and haven't used occasional performers on days they have other commitments—such as matinee days for those acting in Broadway plays."

It was announced Monday the ailment was not serious, but Dilworth was expected to remain in the hospital for a week.

## Finds Girl Chasing Has No Place To Go

HOLLYWOOD (AP) — Actor John Forsythe says his "Bachelor Father" TV series has swung away from the pure girl-chasing theme that dominated it at first. "After 10 episodes we discovered we had no place to go," the actor says. "We encountered all kinds of problems."

"I won't rap other shows, but I watch Tab Hunter in his series and I have to feel sorry. We found our early that chasing girls—fun for fun's sake—isn't the answer on TV, unless you leave it with a little reality."

Forsythe says his series now searches for "an element of sweetness, plenty of comedy—but still now and then a nice touching moment, a mood, an aura, an unspoken concern among those who feel something for each other."

NOT DISAPPOINTED

NORMAN, Okla. (AP) — Sen. Robert S. Kerr (D-Okla.) spoke 45 minutes before the Assn. of University Women. At the end he said: "I had not intended to talk this long, but I'd have been disappointed if I hadn't."

## WAR COMRADES RELATE VIEWS ON JOHN BIRCH

LOS ANGELES (AP)—Different views were voiced today on the death of John Birch, for whom the right-wing John Birch Society was named.

Birch, then an Army captain, was killed Aug. 25, 1945, while on an OSS intelligence mission in central China.

In Billings, Mont., a radio-TV executive, Joseph Sample, who served in the same OSS outfit as Birch, said in an interview: "There was no real object lesson in Birch's death and certainly no glory."

In Los Angeles, stockbroker William P. Weiss Jr., one-time OSS officer who made up the mission on which Birch was killed—said: "Certainly John was just as much a hero as any other American soldier who died for his country."

### DIDN'T DIE HERO

In Pasadena, a Los Angeles suburb, manufacturer Gustav J. Krause—another wartime comrade of Birch—said: "He brought about his own death. He didn't die the hero he was supposed to."

The five Rangeley lakes in Maine are known as Cupsup-Umbagog, Mooselookmeguntie, Mollechukamunk and Welokenabacook.

## Man Kills Self In Bedroom Trailer

LANCASTER, Pa. (AP)—A 37-year-old man, who state police theorized was depressed over being unemployed and an upcoming hearing on a charge of hit-and-run driving, shot himself to death Monday, authorities said.

The victim, Clyde M. Myles, 37, of Buttonwood Trailer Park, Lancaster R. 3, was found by his wife, Miriam, in the bedroom of their trailer.

Myles had won the Silver Star for helping wipe out two German machine gun nests in France in 1944 during World War II. He later received the Purple Heart. Myles was arrested last Thursday on the hit-and-run charge after his auto and another car collided. The other driver suffered only slight injuries. Myles' hearing was scheduled for today.

ADVERTISE IN THE TIMES

## U.S. Accuses Castro Of Betraying Cuba To Reds

WASHINGTON (AP) — The United States has urged Fidel Castro's Cuban regime "to sever its links with the international Communist movement."

The statement, issued Monday, accused Castro of betraying the Cuban revolution and leading the Caribbean island into Communist bondage.

It was the Kennedy administration's toughest indictment of Castro so far.

The U.S. statement said it is the government's belief that "the Castro regime in Cuba offers a clear and present danger to the authentic and autonomous revolution of the Americans."

"What began as a movement to enlarge Cuban democracy and freedom has been perverted, in short, into a mechanism for the destruction of free institutions in Cuba, for the seizure by international communism of a base and bridgehead in the Americas, and for the disruption of the inter-American system."

The U.S. position—following in essence the lines drawn in the Eisenhower administration—was set forth in a 36-page pamphlet issued by the State Department.

Press officer Lincoln White said "because of the tremendous public interest of the United States in Cuba, this pamphlet for public consumption is a straight-forward presentation of the situation in Cuba."

The pamphlet is a summation of U.S. government allegations and reports presented as U.S.-Havana relations worsened.

Copies and Spanish-language texts were prepared for distribution throughout Latin America, to the Organization of American States, the International Organization of the 21 American republics, and for the United Nations.

Prime Minister Castro is expected to make a wrathful reply. But the only comment to date came from the government-controlled radio which said the U.S. statement contained "the usual anti-Cuban refrain."

In picturing Cuba as a Communist beachhead in the Americas, the State Department document said Castro has increased the Cuban military force to 10 times the size of any Cuban army.
